

How is it in the public interest if an organization is allowed to buy dozens of stations accross the country and than use them to blatently promote political advertising as "news", effectivly bypassing federal election laws. The Sinclair group owns two stations in the milwaukee area, WTV and WCGV.

The showing of this "news" program aimed at discrediting Sen. Kerry will affect this close election.

Please don't allow them to do it!

sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy.
